

Drainage

Declaration of conformity by the manufacturer
after prior testing by a recognised test centre (ÜHP).

TECEdrainpoint S point drains

Testing institute: TÜV Rheinland LGA Products GmbH, Nuremberg
Test report: DE24Z92C-001 from 25.01.2024
Test basis: Standard DIN EN 1253-1: 2015-01
Client: TECE GmbH, Hollefeldstr. 57, 48282 Emsdetten

We hereby confirm the conformity of the following TECEdrainpoint S articles with the standard DIN EN 1253-1: 2015-01 "Drains for buildings - Part 1: Floor drains with odour trap with an odour seal height of at least 50 mm":

Article No. 3601200, 3601300, 3601500, 3601600, 3603500, 3603600, 3607500 and 3607600.

The requirements of the DIN EN 1253-1 standard (floor drains with odour trap) are met by the "TECEdrainpoint S" point drains with an odour trap height of at least 50 mm. The usability of the drains with side connection is regulated in the general building authority test certificate (abP) P-4090 TRLP.

Thus, the products have been tested in accordance with the German state building regulations (model building regulations) in accordance with the Specimen List of Technical Building Regulations (Muster-Verwaltungsvorschrift Technische Baubestimmungen: MVV TB) and may be installed.

This manufacturer's declaration does not constitute an offer to conclude a warranty contract. In particular, no manufacturer's warranty is granted hereby.
